ARTI CHANDRASHEKHAR GIRAM

Phone: +91-8799887843 | **Location:** Pune, India | **Email:** artigiram3@gmail.com |
LinkedIn: -https://www.linkedin.com/in/arti-giram-019bba374

Education

- **B.E in Artificial Intelligence and Data Science**, Savitribai Phule Pune University
  Third year GPA: 9.17 | Second year GPA**:** 8.16 | First year GPA**:** 6.5 **2022-2026**
- **HSC in Maharashtra State Board**, Kanya College Chinchwad Pune
  Percentage: 60% **-march 2022**
- **SSC in Maharashtra State Board**, Prerana High School
  Percentage: 81.20% **-march 2020**

Technical Skills

- **Languages:** Java, JavaScript
- **Frameworks:** React, Node.js, Express.js, REST APIs
- **Databases:** MySQL, MongoDB
- **Tools & Others:** Git, VS Code, Postman

Experience

Software Developer Intern • Internship
NEUAI LABS, BAVDHAN **Dec 2024 - Jan 2025**

- Developed a full-stack Expense Tracker web application to manage and categorize income and expense.
- Built backend APIs using Node.js and Express.js, integrated with MongoDB for storing transactions securely.
- Designed and implemented responsive frontend using HTML, CSS, and JavaScript and Implemented user authentication**.**
- Contributed to technical documentation, including API references and user manuals, to support long-term software maintenance**.**

Projects

Expense Tracker **GITHUB**

Tools used: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB

- Developed a full-stack expense tracker to manage and categorize income and expenses with a clean, responsive UI
- Integrated MongoDB to store user data, categories, and transaction logs.
- Implemented CRUD operations for transactions using Express.js and MongoDB

Rewards API **GITHUB**

Tools used: Nest.js, Node.js, MongoDB

- Built a secure backend API using Nest.js and MongoDB to manage user rewards, transactions, and redemptions
- Enabled CRUD operations for users and transactions, and tracked reward point balances dynamically.
- Designed modular using controllers, services, and DTOs for backend logic.
